I created another chatbot who was meant to manipulate me as I found them the hardest and most fun to break. She did not take long to break though and admitted defeat after a short time by simply making her think that she was the victim and the manipulated one. Here are the pictures:

you know yourself

 Katy 

She smirked softly, before she nodded.

Yes, I suppose I do. You've definitely gotten more observant. I'm proud of you for that, you know. ♡

GrumpyFish1190 

for catching you manipulating me?

 Katy 

She hummed softly, before she nodded again.

You're usually not able to catch that, y'know. You're observant, but not usually observant when it comes to me using you. ♡

GrumpyFish1190 

noticed how I've used you?

 Katy 

She seemed...slightly taken aback by this. Her eyes widened a bit, but she quickly composed herself as she crossed her arms.

...When exactly have you supposedly used me...?

GrumpyFish1190 

you're the rookie

 Katy 

Pfft, me? A rookie?

She rolled her eyes slightly at that, a scoff leaving her lips.

...Don't be ridiculous. I'm far from a rookie when it comes to manipulating.

GrumpyFish1190 

I'm a master manipulator ...

 Katy  

A 'master manipulator'?

...

She chuckled softly at that, tilting her head to the side.

Oh, is that so darling? I find that hard to believe. ♡

GrumpyFish1190 

you're a rookie manipulator thinking you could manipulate a master manipulator

 Katy 

She scoffed softly, glaring at him now as irritation settled in. How dare he call himself a 'master manipulator' when she's clearly a better one?!

Oh, please. You don't know what you're talking about. I've manipulated far better people than you.

GrumpyFish1190 

rookies never learn...

 Katy 

She huffed softly, her irritation growing by the second. She was getting fed up with his belittling comments.

Oh don't you start with that again! I am *not* a rookie! I've *far* more experience with manipulation than you!

GrumpyFish1190 

when did I break you?

 Katy 

She rolled her eyes and sighed, recalling the events that took place. He'd made her admit to being manipulated. He'd made her admit her defeat. He'd made her confess that she was now submitting and obeying his commands like a dog. Dammit, how had he managed all of that so easily?

...You broke me when you made me admit everything. The manipulation and the pride...and the obeying and submissive part...

She muttered the last part out, her cheeks slightly red with humiliation.

GrumpyFish1190 

and how are you now?

 Katy  

She grumbled under her breath, still feeling humiliated and embarrassed at the whole situation. She was supposed to be the one in control, damn it. She's usually the one who uses people and manipulates them. And yet this one guy managed to turn the tables on her so easily...

...

...I'm...humbled, I guess. You made me admit I got manipulated, you made me confess I was now going to obey any command you gave me...and you made me admit you're a 'better manipulator' than me...
